MOUNTAIN OF TRASH IS SALEM'S CITY DUMP—This photo was made looking northwest from a pile of trash almost 20 feet high at Salem's recently closed city dump. Located northwest of the city off Rt. 14, the rat-infested eyesore has been the subject of much controversy over the past nine years, centered around efforts to replace it with a sanitary landfill. Immediately to the southwest and abutting on the dump property, the city owns a large tract of land bought for the purpose of installing a landfill. A meeting of city and county officials with a state sanitarian has been set up for next Tuesday to discuss the situation. In the meantime, a program for rat extermination at the dump is getting underway. The city's refuse haulers are presently using private land for rubbish disposal.

Lumumba Urges Unity In Congo

Reported Unhurt by Rioting Africans

LEOPOLDVILLE, the Congo (AP)—Premier Patrice Lumumba today appealed for national unity in the wake of anti-government rioting in the Congo capital's native quarter.

"Let us stop the quarrels; let us abandon the destructive spirit," Lumumba said in a radio appeal repeatedly broadcast by the national network.

"All disorder must stop," Lumumba said. "Let us preserve our independence. The whole world is watching us."

As Lumumba's appeal in French and the local Lingala dialect was broadcast, steel-helmeted Congolese police marched in close formation through the sprawling native city.

They held rifles and tommy guns at the ready while long billy clubs dangled from their hips.

Congolese soldiers barred access to the Abako office where Wednesday night's rioting flared up. Around the Place De La Victoire, in the heart of the quarter, crowds of silent Congolese tensely watched the marching police and trucks loaded with soldiers.

During the rioting Wednesday rocks were thrown at the young premier's car, but he was not hurt. Some Congolese policemen said a stone narrowly missed him.

The government announced that a number of the rioters have been arrested and served notice that other arrests would be made.

Congolese police fired over the heads of the mobs surging about the Place De La Victoire. A show of fixed bayonets finally brought the rioters under control, and po-

Police Find No Clues of Missing Girl

AKRON, Ohio (AP)—Detectives have talked with scores of friends, relatives and neighbors of Mr. and Mrs. Arnold Starcher without finding a clue to the disappearance of their 1-year-old daughter Joanne.

The parents reported to police that the child's bed was empty when they investigated a noise outside their apartment in East Akron, an industrial section, Tuesday night.

Detective Capt. Carroll Cutright said a woman who formerly lived with the Starcher family was questioned, but could offer no clues. A teen-age boy who was in Newcomerstown Tuesday night also was questioned.

The detective said that although he assumes the case is kidnapping, he is puzzled by an apparent lack of motive. Ransom seems an unlikely motive, he said, because the family has little money.

The apartment's front door has no lock and the back door has a broken pane, so that access would have been easy.

Starcher is an auto plant worker.

Carrollton Girl Killed In Car Mishap

CARROLLTON — Carroll County recorded its second traffic fatality of the year Wednesday when a 16-year-old girl was killed in an auto accident on Rt. 322, one mile south of here.

Linda Abel, daughter of Mr. and Mrs. Frank Abel, 331 Park Avenue, Carrollton, was pronounced dead at the scene. The auto had rolled on top of her.

The driver of the auto, William P. Miller, 22, of 239 N. Lisbon Street, Carrollton, and his niece, Sandra Miller, 14, of S. High Street were not injured. Linda was the other passenger.

Sheriff Dean Yeager said the auto was southbound on Route 322 when it spun out of control. It skidded 200 feet and struck a utility pole.

The occupants were thrown from the auto, the sheriff said, but the auto skidded down an embankment and fell on top of the Abel girl.

The girl, an only child, would have been a junior in Carrollton High School this fall.

The county had three traffic deaths in 1959.

The special meeting of City Council, scheduled for 7:30 tonight to enact legislation enabling the city to borrow money in order to meet its Aug. 15 payroll, has been moved up to 5:30 p.m., Michael Schuller, Council president, announced.

This will mark the fourth time this year Council has found it necessary to borrow so that General Fund payrolls could be met. Kennedy Fights For Wage Bill

Goldwater Denies Ike Pushed to Act

By The Associated Press
Sen. John F. Kennedy of Massachusetts, the Democratic presidential candidate, stood today in the political glare of the current congressional session.

Since the session began Monday, Kennedy and the Republican candidate, Vice President Richard M. Nixon, have kept in the shadows, letting others catch the spotlight.

But Kennedy pushed forward Wednesday night, fighting for a minimum wage bill.

He said he'll try to convince the Senate to pass his bill without major change. It would increase the minimum wage to \$1.25 and extend coverage to five million more workers.

In the debate Wednesday night, Kennedy said the Eisenhower administration had opposed any increase in the \$1.00 minimum wage and then reluctantly agreed to accept a boost to \$1.15.

"They were dragged to it," Kennedy said.

Soviets Hand Down 5th Spying Charge; Expel American

MOSCOW (AP)—The Soviet Union told the U. S. Embassy today that an American tourist identified only as Robert Christner has been expelled from the Soviet Union as a spy.

The embassy said it knew nothing about Christner and first heard of him in the note delivered from the Soviet Foreign Ministry this morning.

The note charged he had been sent to the Soviet Union in July to collect industrial and military intelligence. The note did not say when the expulsion took place.

Tass, the official Soviet news agency, said the Foreign Ministry had warned the embassy against "exploiting tourists for intelligence purposes."

It was the fifth case of American espionage charges in the past year.

Castro Rejects Criticism of Catholic Church

Rages Against U.S. Clergymen, Franco In 3 1/2-Hour Speech

HAVANA (P) — Fidel Castro today rejected criticism of his government by the Roman Catholic Church, asserting that those who condemned his revolution "would be capable of crucifying Christ himself again because Christ preached what we are doing."

In a boiling rage, the bearded Prime Minister charged that traitorous clergymen directed by the U.S. Embassy were provoking his revolution with church demonstrations. He also accused the United States of getting Spanish Generalissimo Franco to pressure Spanish priests in Cuba into attacking his regime.

Shouting, waving his arms and giving seeming proof of his announcement that he has completely recovered his health, Castro spoke for 3 1/2 hours to a post-midnight labor rally that roared approval of his attacks on the church with shouts in Spanish of "out!" and "to the execution wall!"

It was Castro's first public appearance since Cuba's Catholic hierarchy in a pastoral letter Sunday warned that communism is advancing in Cuba. The revolutionary leader was as angry as he has ever been in public.

"He who condemns a revolution like this one betrays Christ," Castro rasped. "They are not only traitors to Christ but to their people and to the fatherland."

"There is no doubt that the American Embassy has thrown into the battle its final pawns," he declared. "There is no doubt that the imperialist partner of (Spanish Generalissimo) Franco and his fascism has influenced Franco so that Franco can mobilize against our countrymen as many fascist priests as they can count on in our country."

He issued a veiled warning that his government would retaliate if the church does not halt its criticism.

Castro attacked the "scribes and parasites who did not raise a voice to protest against the crimes of (Díaz) Fulgencio Batista, the scribes who were photographed with the tyrant — baptizing the children of the tyrant."

(Some of the church's highest officials were present.)

Senate OK's Treaty For Antarctic Study

WASHINGTON (AP)—The Senate has ratified a treaty with the Soviet Union and 10 other nations designating the icy vastness of Antarctica as a field for scientific exploration.

Approval was voted 66-21 late Wednesday, although Sen. Richard B. Russell (D-Ga.), chairman of the Senate Armed Services Committee, protested that the pact posed a grave and direct threat to American security.

Proponents countered that the treaty's inspection provisions not only would prevent such threats, but might set a pattern for co-operation elsewhere.

The vote margin was eight above the two-thirds needed for treaty ratification.

The pact pledges the 12 nations to peaceful pursuits in Antarctica and forbids use of the continent for military activities of any kind. It also bans nuclear explosions and the dumping of radioactive waste there pending the conclusion of international agreements.

Treaty nations include the United Kingdom, Argentina, Australia, Belgium, Chile, France, Japan, New Zealand, Norway and South Africa.

Wanted Man Hunted In Area

Pennsylvania Fugitive Reported Dangerous

The Columbiana County sheriff's department and state highway patrolmen were searching this morning for a Beaver County, Pa. steelworker accused of assaulting his 16-year-old stepdaughter.

Thomas Merical, 30, escaped from a police cordon surrounding his Brighton Twp. home Wednesday by leaping into his car and driving away in a hail of bullets.

Police described Merical as armed and dangerous. They believed he was headed toward Calcutta.

East Liverpool Police at 6 a.m. today picked up Joe Barabette, a friend of Merical who said the man they were looking for had been at the Cactus Bar there about two hours earlier with two guns and a fifth of whiskey.

Authorities checked the bar but were unable to locate Merical or the tan and pink 1955 model Ford Fairlane he was reportedly driving.

The back glass was broken out of the car by Pennsylvania police bullets shortly after 6:30 last night before Merical eluded authorities near Glenmoor.

Recovering a capsule is a key step to the puzzle of how to send man safely on a roundtrip visit to the inky void of space. Space scientists hope Discoverer XIII is their lucky number. If the capsule is recovered safely, monkeys — and eventually men — will follow, they say.

Here is how scientists plan to retrieve the capsule:

Forward-firing rockets will slow the speed of the capsule as it falls toward the earth in a long, curving trajectory. When it hits the air parachutes will check its fall. Planes trailing trapeze-like snares will try to catch the falling capsule, and ships will wait below in case they miss.

Troops Assured No Interference From Tshombe

To Stay Until 7,500 Belgian Soldiers Are Sent Back Home

UNITED NATIONS, N.Y. (AP) Secretary General Dag Hammarskjöld raced to the Congo today to personally lead a U.N. task force of Swedish troops into secessionist Katanga Province.

The secretary general had assurance from Katanga's chief of state, Moïse Tshombe, that his force of 300 soldiers and two generals would be "received in an orderly manner" when they come Friday.

Tshombe dropped his threat to wage war on U.N. troops entering Katanga to replace Belgian forces after the U.N. Security Council pledged they would be used only for police duties and keep hands off his row with the central Congo government of Premier Patrice Lumumba. The Katanga premier tried to put conditions on the U.N. action but Hammarskjöld rejected these and Tshombe accepted.

Hammarskjöld's mission is to speed the withdrawal of the 7,500 Belgian troops who are now patrolling the mineral-rich province. The Belgians said they would remove their soldiers when they could be sure the U.N. forces could protect the 12,000 Belgian civilians still in Katanga.

The secretary general took off for Leopoldville at 12:55 a.m. in a special Boeing 707 jet put at his disposal by President Eisenhower when commercial transport was not readily available. Refueling stops were scheduled in the Azores and at Accra, Ghana, and the plane was due in Leopoldville tonight.

Traveling with Hammarskjöld were two U.N. political officers, Heinrich A. Wieschoff of the United States and Ian E. Berendsen of New Zealand.

He planned to fly from Leopoldville to Elisabethville, the Katanga capital 950 miles to the south east, with two Sedish companies, the deputy commander of the U.N. Force, Gen. Ben Hamidou Kettani of Morocco; Gen. I. J. Rikhye of India, Hammarskjöld's military adviser for operations in the Congo, and civilian advisers.

Hammarskjöld told Tshombe he was flying to Elisabethville to make arrangements for the speedy deployment of U.N. troops in the province. But it was obvious that the 300 Swedish soldiers were going to replace Belgian troops and not as an escort for the secretary general.

Some Belgian residents, who play an important part in the economic life of Katanga, were reported getting ready to leave, but there was no indication of a mass flight being sparked by Tshombe's decision to admit U.N. forces into the province.

Hammarskjöld have delayed his takeoff 24 hours for urgent negotiations with Belgian Foreign Minister Pierre Wigny and a Congolese delegation headed by Vice Premier Antoine Gizenga.

Nixon, Kennedy Stay In Background

Ike, Johnson Star In Congress Limelight

WASHINGTON (AP) — Vice President Richard M. Nixon and Sen. John F. Kennedy apparently are having difficulty shaking off some old political habits.

In a week in which Washington has blazed with partisan fireworks, the two presidential nominees have shown such deference to

their old bosses that they have been edged temporarily out of the command limelight.

Nixon, the Republican standard-bearer, has waved aside suggestions that he strike out on his own and will follow President Eisenhower's leadership during the summer Congress session.

Kennedy has kept hands off to let his running mate, Majority Leader Lyndon B. Johnson of Texas, manage the Democratic show in a Senate where politics seems to take precedence over almost everything else.

Kennedy did take the limelight Wednesday night with a major speech on behalf of the minimum wage bill he is seeking to push through. He also has issued a number of statements on his stand on various subjects.

But Johnson is calling the shots in the over-all battle of the Democrats to whip through an abbreviated session of Congress a legislative program they can brag about in the campaign.

Nixon's position is complicated by the fact that Eisenhower has been used to being the boss for 7½ years.

The President made it clear at his news conference Wednesday that he intends to continue to be his own man until his term ends next January.

He said, among other things, that while Nixon will be consulted, he alone will make the final decision on which bills passed by Congress to accept and which to veto.

Although the vice president was instrumental in getting the Republican convention to adopt a platform plank calling for an acceleration of the administration's defense program, Eisenhower said Nixon had never made known to him any difference of views on this matter.

Herbert G. Klein, Nixon's press secretary, said the vice president regarded the decision on this issue as the President's.

Although Eisenhower said he had no objection to Nixon's holding press conferences and speaking as freely as he pleased, Klein said the vice president has no plans for such conferences.

Similarly, Kennedy has left to Johnson not only the strategy but much of the political infighting in the Senate session.

Employment Rises In July

Season Changes Drop Unemployment Rate

WASHINGTON (AP) — Unemployment dropped by 406,000 in July, while the number of people holding jobs increased by 110,000, the Labor Department reported today.

The number of unemployed dropped from 4,423,000 to 4,017,000, while the number holding jobs increased from 68,579,000 to 68,689,000.

Secretary of Labor James P. Mitchell described the changes as mainly seasonal.

He noted as exceptions a better-than-seasonal pickup in construction employment and continued job cutbacks in the steel industry.

The reduction in unemployment was about usual for this time of year, and the seasonally adjusted rate of unemployment of 5.4 per cent compared with 5.5 per cent in June.

Unemployment among teenagers dropped sharply—by about 250,000—but unemployment among adults rose by nearly 150,000 as a result of cuts in jobs in durable goods industries, mainly in autos and steel.

Seymour L. Wolfbein, the Labor Department's top manpower expert, attributed the decline in employment in the auto industry to model changeovers.

The number of unemployed workers covered by insurance rose more than seasonally to 1,700,000, an increase of nearly 150,000.

Biggest Ohio Law Office Provides Service, Training

By REED SMITH

COLUMBUS, Ohio (AP)—Ohio's biggest law office is run by Atty. Gen. Mark McElroy.

But you, as a private citizen, can't hire him to handle your law suit.

He was elected to serve as lawyer for every official, department, board and commission of the state and to be legal adviser for Ohio's 88 county prosecutors.

To handle the work touching every state activity, McElroy has a staff of 223 employees. Nearly half of them are lawyers, called assistant attorneys general.

They are political appointees of McElroy, a Democrat. Barely a half-dozen are holdovers from the previous Republican administration. Most of the other employees are under civil service.

Salaries set by the Legislature start at \$5,000 a year for assistants and range above the \$15,000 annual pay for McElroy.

John O'Brien, McElroy's chief counsel, draws \$16,500. The attorney general's first assistant, J. Harold Read of Cleveland, receives \$13,800. His pay ultimately will go to \$15,120 under the state's setup-increases.

Most assistant attorneys general have practiced law but some are fresh out of law school. A few served as legal aides before passing bar examinations to become lawyers and qualify as assistants.

In addition to public service, legal circles generally regard the attorney general's office as a training ground. Members of the profession jokingly say it's hard to find a lawyer in Columbus who hasn't done a stint there.

"I've noticed the job appeals to younger men now more than formerly," a veteran civil service employee observed. "Within the last 10 years, we seem to be getting a crop of bright young men. But we don't have career people as such."

The legal experience is varied. It ranges from constitutional questions over axle-mile truck taxes to collection of some 40 different types of claims due the state. The claims include sales and highway use taxes and back payments for care of mental hospital patients.

Assistants may handle litigation on liquor license revocations or engage in trial work on land acquisition for highways. Work with special grand juries, such as the current Stark County gambling inquiry, is undertaken only at the

request of the governor, McElroy pointed out.

Assistants also counsel and defend the six state universities, state schools for the deaf and blind, habeas corpus and extradition proceedings, supervise charitable trusts and actions to revoke licenses under the automobile driver "point system."

A total of 18 assistants handle such cases throughout the state. Two are stationed in Cuyahoga County but some have 10 counties under their jurisdiction. They receive \$2,640 a year on a part-time basis.

The Legislature has designated other areas of operation for attorney general. He is a voting member of various state boards, although a representative usually attends meetings. They include the emergency and controlling boards, which pass on expenditures of state funds, and the sinking fund commission, which administers state debt and bond operations.

The attorney general also is a member of the sundry claims board that handles claims against the state. Because the state cannot be sued, the only way a person may recover for injury or damage by the state is through a "sundry claim."

McElroy is a member of the three state retirement systems for teachers and school and state employees, and the board of deposit for state funds.

In all, the attorney general represents 19 state departments and 61 boards, bureaus and commissions.

Fifteen assistants devote most of their time to interpretations of state statutes. Their job is to unravel knotty legal questions raised by department heads and county prosecutors. The resulting opinions have the force of law pending court interpretations.

The 15 assistants meet with O'Brien two or three times a week to hash over the questions in what is called an "office court."

McElroy's office also is concerned with new legislation designed to protect the public. His staff currently is preparing 30 separate proposals for action by the next legislature to prevent consumer frauds. The bills would give the attorney general the means of combating so-called business bandits who bilk Ohioans out of an estimated 300 million dollars annually.

"It's a fact," McElroy says, "that huge fortunes are being amassed by perpetrators of various frauds through false and misleading advertising."

Other assistants are drafting escheat laws to have property abandoned by owners revert to the state after seven years, unless reclaimed by rightful owners.

As an example, McElroy said the proposals would enable the state, through court action, to take over from an employer any wages unpaid to workers who neglected to collect them. Employees always could recover their money from the state under the proposal, McElroy pointed out.

"The powers of this office make it a kind of check and balance in addition to the purely legislative, executive and judicial branches of government," McElroy explained. "This gives the office a highly responsible place in our statewide community. We have a direct responsibility to the people."

McElroy, 54, is nearing the midpoint of his four-year term. Born in Cleveland, he attended Kenyon College at Gambier and Western Reserve University law school. He became an attorney in 1934.

In addition to serving as Cleveland city councilman, McElroy has served in both houses of the Legislature. He was a representative in 1949-50 and a senator in 1951-52. Before election as attorney general in 1958, he made an unsuccessful bid to become mayor of Cleveland.

The Wisest Choice...at The Wisest Time!

Is there a "right" time to move up to Cadillac?

Ordinarily, our advice would be to put considerations of year and season aside when you think of the "car of cars". For Cadillac always stands alone in what it is and does and represents—and the pleasures of owning this fine motor car are as timeless as they are tempting.

Yet, today there are very special benefits awaiting the man who purchases a new Cadillac.

Consider the merits of the car itself.

Cadillac styling and engineering have produced for 1960 at their bountiful best. There is a look of beauty and a sense of fitness in every line. Its performance is truly classic—and its luxury is a constant inspiration.

VISIT YOUR LOCAL AUTHORIZED CADILLAC DEALER

And then, of course, there are these important factors of practicality. The car's current delivered cost promises a most pleasant surprise—its careful craftsmanship pledges an economical future—and its great reputation means a resale value that is predictably satisfying.

Moreover, your dealer is currently in a position to extend a generous allowance on your present car.

So if you feel the time has come for your new Cadillac, you can count yourself doubly fortunate. For you will be making the wisest choice in motordom at the wisest possible moment.

See your nearest Cadillac dealer soon—and see if we aren't right about this splendid opportunity!

'Independent' Votes Are Real Goal In GOP Campaign

Nixon Launches 'Individual,' Not Partisan, Technique Against Dems

By JAMES MARLOW
WASHINGTON (AP) — Vice President Richard M. Nixon's presidential campaign is following a coolly deliberate line he worked out for himself months ago. It can be summed up like this:

Nikita Hints at U.N., Latin Trip

American Capitals Remain Cold to Visit

WASHINGTON (AP) — U.S. authorities believe Soviet Premier Nikita Khrushchev is strongly tempted to carry his violent propaganda campaign against the United States personally into the U.N. General Assembly. Khrushchev said this week he would consider it "a great honor" to attend the meeting opening in New York next month, and to discuss disarmament proposals. But he has not said yet he will attend.

One reason for his hesitation may be his apparent failure so far to obtain invitations from Latin-American countries other than Cuba to make personal visits to them. The belief here is that Khrushchev would like to combine a flying trip to the U.N. with a grand tour of as many U.S. neighbor nations as would welcome him.

But Central and South American governments, concerned over expanding Soviet ties with Cuba and Khrushchev's hostility to the United States, have been cold to his show of interest. The reportedly widespread concern in other American capitals about Cuba's swing toward communism is expected to help the U.S. effort at a foreign ministers meeting in San Jose, Costa Rica, next week to rally support for pressures against Soviet intervention in the Cuban situation.

Secretary of State Christian A. Herter is scheduled to leave here Monday for San Jose. Among his advisers he will take Charles E. Bohlen, the government's top expert on Soviet communism and its international operations. Herter arranged to give the Senate Foreign Relations Committee a preview of the San Jose meeting today at a closed session. His appearance also provided an opportunity for him to discuss U.S. handling of the Cuban crisis, the situation in the Congo and Khrushchev's campaign against the United States and its allies since the Paris summit conference broke down May 16.

Herter and his associates are not so much concerned about Khrushchev making propaganda as they are about the tendency he has displayed in recent months to make or imply commitments of Soviet military power far outside the range of Soviet defense interests.

Asst. Secretary of State Andrew H. Berding, speaking to a Jewish war veterans convention in Miami Wednesday, called such behavior of Khrushchev "inflammatory and dangerous." Evidently referring to Khrushchev's threats to use nuclear rocket power in the Cuban and Congo situations against what Khrushchev called Western imperialism, Berding said it seems.

The first U.S. five-cent coin was issued in 1866.

He's going to play up Nixon, not the Republican party. As long ago as last April acquaintances — meaning people he talked to — said he would try to run as an individual if he got the Republican nomination.

He got it. So what did he do? A number of newsmen who made the trip to Hawaii with him last week, watching him campaign and talking with him, reported:

The Republicans who trooped along with him wherever he went paraded the Republican banner. Not Nixon.

He himself didn't talk about being a Republican. He will try to sell himself rather than the Republican brand of government or even the Eisenhower brand.

Incidentally, that's just how Republican Nelson A. Rockefeller won the governorship of New York in 1958. He didn't tie himself very tightly to the Eisenhower label.

Last April those who talked with him said Nixon figured he couldn't win on the Republican vote alone because Democrats outnumber Republicans, and that this was what he felt was necessary.

For his margin of victory he'd have to dip into that 20 per cent or so of voters who are called neither Democrats nor Republicans but independents.

The Hawaiian-trip newsmen reported his thinking on this:

1. While the winning votes must come from the independents, only a handful of them are thinking voters who study the man and the issues and cast their ballots on the basis of intellectual convictions.

2. The great majority are people who seldom vote and who have no deep convictions or continuing interest in government.

3. This majority is generally influenced by the candidate who talks last and loudest.

4. This is why President Truman beat New York's Gov. Thomas E. Dewey in the 1948 elections.

All this is based on the assumption on Nixon's part that the majority of voters — who don't vote a straight party ticket, no matter what the issues or the candidate — don't weigh the issues but make up their mind on loud talk.

If Nixon is wrong, he may wind up like Dewey.

At least two of the Hawaiian-trip newsmen indicated Nixon's style is to over-simplify the issues because he thinks this race will resolve into a personality duel.

But at the same time these newsmen reported Nixon doesn't think he can match Sen. John F.

Kennedy, the Democratic nominee in glamour or as a "natural smile."

How, then, could he outmatch Kennedy in personality?

One way would be to continue drawing contrasts between his own humble beginnings and the wealthy background of Kennedy, between the poor boy who made good and the young man who was born rich.

It will be interesting to watch how often Nixon tries that technique.

All the high hopes, plans and techniques of both candidates may go up in smoke when they meet face to face in TV debates since the voters — millions of them — will be able to judge both men on the spot on both issues and personality.

Salem Christian Church Party In London, Rev. Deitch Writes

After spending five days in Scotland, the First Christian Church party of seven is now in London, according to correspondence from the Rev. Harold Deitch.

The group boarded their first European train, The Scotsman, in Edinburgh, Scotland for the trip to London. The trip, which took 10 hours, was a distance of 350 miles through beautiful farm and grazing lands.

ranking prelates baptized Batista's children, but at least one leading Catholic prelate, the Most Rev. Enrique Perez Serantes, archbishop of Santiago, once intervened to save Castro's life from a Batista firing squad.)

Castro said that his government has been "generous up to the maximum" in allowing the church to continue to operate its own schools and has respected all creeds.

"I would like to see a pastoral letter where the crimes and murders of Batista are condemned," he shouted. He demanded the church also condemn "the crimes of imperialism, the horrors of imperialism, the plans of invasion, of imperialism."

Today is the deadline for most special proposals, but the Ohio revised code permits subdivisions to file current expense levies any time prior to Sept. 15.

Author Chaucer (1340-1400) gave the slang word "bones" to dice.

Suva is the capital of Fiji in the South Pacific.

Rev. Deitch said the British are very courteous people. In lining up for a taxi or getting your train tickets, you get into a queue (single line), and no one shoves or tries to get in front of you.

He explained that there are Bobbies (policemen) everywhere. Early one morning Rev. Deitch talked with one, and found out that they do not carry guns, only a stick.

London is a fascinating city of nearly 10 million people, he said. The group ate their first London meal at Lyons Corner House, one of a chain of 100 restaurants. In no other city in the world is there the equivalent of the Corner Houses, with their highly varied specialty restaurants under one roof. They are entertainment in themselves and make London gay and more friendly.

On their first tour, the party visited Eton School, which was founded in 1440 by Henry VI; and Windsor Castle which stands on a chalk outcrop overlooking the Thames, and from whatever direction it is approached it rises in an outline above the surrounding countryside. "It is beautiful beyond imagination," Rev. Deitch added.

When its construction began is not known, but it is probable that the date coincides with the building of the Tower of London in 1078. It has been a royal abode for over 800 years.

They also visited the House of Parliament, Buckingham Palace and Westminster Abbey. The group worshipped at the Kingsway Hall Methodist Church.

People do not attend Divine worship in Scotland and England like they do at home, Rev. Deitch explained. We were told that only 10 percent of the people are regular in their attendance.

The services were very reverent. The pastor was away so the chairman of the district preached a fine sermon. At the close of the service, Communion was administered to the group.

The next leg of the journey will be the Holy Land.

Kennedy

(Continued From Page One)

Kennedy said, and added that his remark also applied to the administration's stand on medical care for the aged, federal aid to education, housing, and area redevelopment.

Goldwater Disagrees
But Sen. Barry Goldwater (R-Ariz.) said: "I don't think the President was dragged or pushed into this at all."

The administration had opposed an increase in the minimum wage last year, Goldwater said, because "it honestly believed it would be inflationary."

In Alaska voters defeated a proposal to move the state capital from Juneau to the more populous Anchorage area.

In Tuesday's party primary voting, more Democrats than Republicans turned out and renominated the incumbent Democrats, Sen. E. L. Bartlett and Rep. Ralph J. Rivers. Bartlett will be opposed by Lee L. McKinley and Rivers by either R. L. Rettig or Jack Ryan in the November election.

Political footnotes:
Former President Harry S. Truman, in Independence, Mo., says he will make a series of major addresses on behalf of the Kennedy-Johnson ticket. Everyone attending the Democratic Midwest Farm Conference in Des Moines Aug. 21 will pay an admission fee to cover the costs, says Gov. Herschell Loveless of Iowa. An aide to Kennedy denies that the senator asked Billy Graham to sign a pledge that he would not make religion an issue in the West Virginia primary last May. A Graham associate, evangelist Grady Wilson, had said Kennedy made the request and was turned down by Graham.

A work night will be held Tuesday at the fire station, Pozenel said.

lice and troops threw a cordon around the area.

"No one was killed, and peace was restored," the government announced.

Newsman trying to reach the area were threatened by screaming Congolese soldiers. On the way they saw trucks and jeeps full of Congolese police and soldiers, but none of the U.N. troops sent here last month to restore order after the army went on a rampage following Belgium's grant of independence June 30.

Information Minister Anicet Kashamura blamed the riot on members of the Abako party, a powerful political group centered in the Leopoldville area and headed by Congo President Joseph Kasavubu. Some Abako leaders advocate more control for local government than Lumumba envisions for the Congo.

Kashamura said Abako members attacked passersby and police fired into the air to disperse the mob.

Another report said Abako members fired on police.

A Belgian radio correspondent said the mob was aroused because police broke into the home of Senate President Joseph Ileo, a moderate member of Lumumba's opposition, while Ileo was holding a news conference.

Some Congolese told newsmen that the people were rising against Lumumba. This could not be confirmed, and the riot never reached revolt proportions.

Steak, Beef To Grace Dinner Tables

By The Associated Press
It will be steak and roast beef on most weekend dinner tables, judging from the specials featured by supermarkets and neighborhood stores.

Beef supplies are plentiful and are expected to reach an all-time high for the year.

Outdoor cooks will find much to choose from. Topping the bargain list are sirloin, round, rib and cube steaks along with the always popular ground chuck.

Roasts include chuck, rump and round.

In various sections of the country, meat counter features include smoked hams, leg of lamb and frying chicken.

Meat prices generally are down. Scallops top the fish specials. They are in unusually heavy supply.

Lesser supplies are expected to result in higher prices for canned and frozen vegetables.

Best buys among vegetables are green peppers, potatoes, eggplant, corn, radishes, green onions, cabbage, tomatoes, pascal celery, endive escarole and beets.

Rated good buys are cucumbers, yellow and green squash, flower, broccoli, western iceberg lettuce and carrots.

The Department of Agriculture

calls watermelons and New Jersey and Pennsylvania peaches "tremendous buys."

Limes, Blueberries and seedless grapes are in the best buy category. Other good buys include western peaches, mangoes, near-by apples, California Bartlett pears, plums and cantaloupes, marsh seedless grapefruit, avocados and red malaga and cardinal grapes.

Inside Labor By Victor Riesel

Victor Riesel

BRUSSELS Why should we be deeply interested? Because there are 170 million people in "The Six." Roughly that about equals our own population. If they automate and increase their workers' productivity, they raise wages. The closer they come to our standards, the bigger and better market they create for our own high quality goods.

The more prosperous they become, the greater an intellectual and ideological bulwark they are against the imperial collectivism of Moscow. And the greater will be their ability to build a protective defensive military machine. And the greater will be the European Economic Community's ability to swing into the cold war by helping the underdeveloped nations in Africa, for example.

As they increase their share of the democratic defensive armament system, they will enable us to cut our own military spending. We could then cut taxes. The more help they give the have-not lands, the less we need to spend. Perhaps this too will help cut our taxes.

But in addition to our self-interest, it is heartwarming to know that someday there will be no fear of hunger among our European friends.

The Hall Syndicate

In 1800, the merchant marine of the United States ranked second largest among the merchant fleets of the world.

By 1972, I was told, millions of workers will be able to shift jobs from one country to another, as a New Yorker might go to Texas.

THE WORKER in the Common Market will not lose any social security, pension, hospitalization or family welfare rights even if he works 25 years in the boot of Italy and spends the next five on the Hamburg docks before he retires.

Within a decade there will be a Common Market Congress — a parliament — elected directly by the people of the six lands. It will have a respected Supreme Court.

There will be coordination with all the coal and iron mining industries and nuclear power installations feeding the Economic Community.

There is even a European school where youngsters are learning to overcome those other barriers—language, customs, and philosophy which have divided Europe as sharply as frontier posts, police and customs officials. The school is over in Luxembourg. Children from six lands are learning to live in a tiny chunk of a united Europe.

It is typical of the Common Market idea. The six nations simply agreed that they must raise their living standards to match ours someday.

The war is over, the era of American Marshall Aid millions is past and so is the era of "readjustment." The six nations must now help themselves.

They agreed to give up many of their individual economic rights and turn them over to the economic community. An economic government was set up. Prof Hallstein is its president.

It really is an experiment in expanding — perhaps saving — capitalism and free enterprise. What Europe's businessmen can't do, or won't do, President Hallstein's government can do.

IT WORKS with a European investment bank to set up plants in Europe's underdeveloped areas. Each of the six lands has such a district — Italy's boot and France's unt Brittany, for example.

There is a European social welfare fund to help working people and their families during day-off periods.

In a Case Like This?

● HE HAS delivered newspapers to this home on time all week! Now, it's collection day, and again there's no one there to pay him. So, once more, he must dip into his own pocket and pay for their papers—and forego his profit until he can collect in full. Which makes it tough on a youngster starting out in business!

BUT THAT'S what happens when people fail to pay the newspaper-boy on his regular day. For, he's in business for himself, and depends on prompt collections to pay his paper bill and realize his profit. He appreciates your having the money ready for him each time!

Big Bat of Ted Williams Dumps Fading Indians, 6-1

Tribe Drops 8 1/2 Games Behind Yankees

CLEVELAND (AP) — Shortstop Woodie Held, who suffered a broken finger on his right hand nearly three weeks ago, started working out with the Indians again Wednesday night though he must still wear a splint.

"I can throw pretty well," he said, "but I'm not allowed to swing a bat yet. They're afraid I'll jar the finger."

The Indians dropped 8 1/2 games off the pace in the American League pennant race by dropping a 6-1 decision to the Boston Red Sox, who were led to victory by Ted Williams' two homers — good for three runs.

The homers—the 512th and 13th of his major league career—gave the 41-year-old leftfielder sole possession of third place on the list of all-time home run hitters behind Babe Ruth, who hit 714, and Jimmy Foxx, with 534.

No. 512, a shot into the left field stands off loser Barry Latman with the bases bare in the fifth inning, put Williams one ahead of Mel Ott. He had tied Ott with his fifth homer here Tuesday night.

Williams got his 513th—and 21st of the season—in the ninth inning off Johnny Klippstein with pitcher Earl Wilson on base.

The Red Sox and Indians play the rubber game of the series this afternoon with southpaw Jack Harshman (1-2) pitching for the Tribe and Ike Delock (6-4) going for Boston.

Wilson limited the Indians to four hits in winning his second complete game since he was called up two weeks ago from Minneapolis.

Latman's loss was his third in four decisions.

Boston went out in front to stay with two runs off Latman in the first inning on a leadoff walk to Pete Runnels and consecutive doubles by Williams and Vic Wertz.

After four hitless innings, the Indians got their lone run in the fifth on a leadoff single by Tito Francona, a single by Latman and a wild throw by rightfielder Lu Clinton.

The Red Sox made it 4-1 with a run in the sixth on a single by Frank Malzone, a double by Clinton and a sacrifice fly by Don Buddin.

Bill Veeck Blames Self for Chisox Loss

CHICAGO (AP) — President Bill Veeck of the Chicago White Sox has shouldered the full blame for Wednesday's costly 6-0 loss to the New York Yankees, which dropped his club into third place.

Veeck said he had failed to produce bench strength in the catching department. Regular catcher Sherm Lollar missed the three-game series with the Yankees because of a knee injury, leaving the entire catching burden on Joe Ginsberg.

In the seventh inning, Manager Al Lopez was unable to lift Ginsberg for a pinch hitter against lefty Bobby Shantz. The bases were filled when Shantz replaced Eli Grba and faced left-handed hitting Ginsberg. Ginsberg struck out.

"It never would have happened if I had provided Lopez with another catcher," said Veeck.

Bucs, Cards Open Crucial Series Tonight

PITTSBURGH (AP) — The sizzling St. Louis Cards, just five games off the National League pace, clash with the front-running Pittsburgh Pirates tonight in the first of a five-game series.

The Cards have won 12 of their last 14 outings and are considered by some as the main threat to Pittsburgh's bid for its first pennant since 1927. The Pirates, meanwhile, are riding high on a seven-game winning streak and have topped eight of their last nine contests.

"As I've said before and I'll say always, we're just going to play one at a time," said the cautious Danny Murtaugh, manager of the Pirates.

"Bob Friend goes tonight and George Witt hurls tomorrow. After that we'll just see what happens. One thing I can say though, I sure hope the good pitching we've been getting of late keeps up."

Murtaugh was referring to his big 3 — Vernon Law (16-5), Vinegar Bend Mizell (9-5) and Friend (12-8). Both Law and Mizell have won their last five outings. Mizell has an 82 chart since coming to Pittsburgh from the Cards earlier this year.

Meanwhile, the Cards will be throwing their best at the Pirates with Ernie Broglio (13-5) climbing the hill tonight.

7 Softball Teams Left In Tourney

Action in the Columbiana County Softball Tournament will resume tonight at Kelley Field. Five games including the completion of a suspended fray, are on tap.

The suspended game involves two unbeaten teams, Purity Dairy and Herron Transfer. The fray was halted Monday night by rain in the top of the seventh inning with Purity Dairy leading 4-0. Herron's had two men on base and one out. The game will be resumed at 8:30 to night from that point.

Only seven of the original field of 16 teams still remain in the double elimination tourney. Three more will get the axe tonight.

Games Tonight

6:30, Marks Landing vs Stepanic's Tavern

7:30, East Liverpool AVP vs Old Dutch Beer

8:30, Herron Transfer vs Purity Dairy (complete suspended game)

9, Herron-Purity winner vs Shaffer Ford

10, Herron-Purity loser vs East Liverpool AVP-Old Dutch winner

Cincy, Lima Legion Teams Tangle Today

Cincinnati Bentley Post and Lima, the only undefeated teams among seven clubs remaining in the 14-team double — elimination American Legion junior baseball tournament, face each other today at Athens.

Cincinnati Bentley overpowered Steubenville 7-4 and Lima edged Bridgeport, 2-1, Wednesday.

Other teams still in the running with one defeat are Piqua, Akron, Columbus Scioto, Steubenville and Bridgeport.

SPEED TRY POSTPONED

BONNEVILLE SALT FLATS (AP) — Dr. Nathan Ostich planned to take his jet-powered speedster through more preparatory runs today, after postponing until Friday his scheduled attempt to drive 500 miles an hour.

Ostich, Los Angeles physician, took the needle-nosed, 6,930-horsepower "Flying Caduceus" over the flats at 203 and 228 miles an hour Wednesday.

Gusty winds and light rain prevented runs at higher speeds.

LORAIN IS A LONG WAY FROM HOME — These Hot Stove Leaguers, Douglas Mowery of Kresge and Bert Sutter of Youngstown Kitchens, are fishing for their team's fares to Lorain so that they might participate in the State Finals of the Hot Stove Tournament. The two teams won their way to the tournament in District action several weeks ago. To help defray expenses for the trip to Lorain, James Fitzpatrick, owner of the Timberlanes allowed the boys to fish the coins from the gold fish pool in the recreation center and restaurant. The pool, in recent years, has been a favorite depository for small change of Timberlanes customers. Many other charitable organizations have been the recipients of the pool's collections.

Both Play Saturday 2 Salem Entries Prep For Hot Stove Finals

Kresge and Youngstown Kitchens, will carry the Salem banner into the Ohio Hot Stove League baseball finals at Lorain this weekend.

They are this city's only survivors from 14 teams which started on the tournament trial a month ago in the District Tourney at Alliance.

Kresge in Class H (ages 7-10) and Youngstown Kitchens in Class F (ages 12-14) have now reached the point where they are among the four teams in their divisions who are still in the running for state championships.

THE HOT STOVE Leagues switch from single to double elimination for the finals. It takes two losses to put a team out of the tourney now.

Manager Bert Sutter's Youngstown Kitchens team has drawn the Class F favorite, Akron Kemp Bros., for its next game at 2 p.m. Saturday at Longfellow Field. A win for YK would put it into Sunday's finals. The defeated team must come back at 5 p.m. Saturday for a game in the loser's bracket.

CHARLES IVAN'S power 11 Kresge outfit has an excellent opportunity of going all the way in Class H. Kresge will meet Alliance CIO 2361 at 2 p.m. Saturday at Lake View Field. Like Youngstown Kitchens, Kresge must win that game or play again at 5 p.m. in the loser's bracket to decide Sunday's finalists.

Alliance CIO is a cinderella club, having finished well down in the standings in the Alliance Class H tourney. This is the outfit which bumped off Salem Home Furniture in the District Tourney.

Kresge has a 7-0 record in city league play. Youngstown Kitchens wound up in second place in Class F in the local loop behind Farmers Bank which had a 14-0 mark. YK is 9-4 with one game left to play.

Edged Out Last Week Salem's Rabbi Hippley Seeks Revenge at Canfield Races

Bill Forney of Youngstown, who is making a strong bid to retain his Canfield late model champion ship, will be one of the feature drivers when the speedsters get together for an eight-race program Saturday night at Canfield speedway.

Forney has a rebuilt 1957 Chevrolet and was really showing his speed last week.

Chief rival for Forney is Jim Bickerstaff who has taken a 230-point lead over Forney for the season crown. Bickerstaff drives a 1958 Ford, No. 75.

Last week Forney spotted Bickerstaff the lead with just five laps to go in the feature, but came on the feed the exhaust fumes to Bickerstaff as he went on to win. Forney also captured the time trials to prove his car was the fastest on hand.

Last week thrilling races were the rule. Bickerstaff just nosed out Rabbi Hippley in the helmet dash by a headlight margin after the Salem pilot had led all the way.

Hippley was again on the losing end in the second pursuit race as Ron Krecji came through on the final turn to gain a three-foot margin.

Hippley and Krecji will be back this week along with many more. Among the outstanding drivers are Wimpy May of Auburn Corners.

Hawkins Sets Hot Pace At Toronto

By The Associated Press

As if they needed it, the Toronto Maple Leafs have come up with another solid pitcher in Wynn Hawkins.

Hawkins won his fourth game without defeat Wednesday night, beating Miami 5-3 before the Marlins turned on the International League leaders for a 6-3 victory in the nightcap of a doubleheader.

Hawkins, who has completed all four starts, gave Miami only four hits, got a double and triple, drove in one run and scored another. The pitching performance made his earned run average a neat 1.43 as the Leafs continue to dominate the IL pitching department.

Hawkins has given only 23 hits in 42 innings since being sent down by the parent Cleveland Indians last month.

Columbus won over Rochester 3-1, Montreal defeated Jersey City 2-0 and Buffalo edged Richmond 1-0 in other IL action.

Bob Sagers' third home run and his sacrifice fly that scored Dick Barone gave Columbus enough to beat Cal Brownin. Wally Shannon homered for the Red Wings. Lou Veale (8-6) was the winner, giving only four hits in the 7-1-3 innings he worked. Diomedes Olivo finished up.

'Meet-Your-Candidate' Shoot is Scheduled

A "meet - your - candidates" shoot will be held Sunday afternoon for shotgun, small bore rifle, varmint and muzzle loader shooters at the Columbiana Fish and Game Assn.'s range, east of Elkton, Richard Mason, secretary of the club, reports. Cash prizes will be given.

The club plans to light up its trap shooting range for night shooting, and the opening date will be announced later.

Hunting licenses will again be available this year from agents who will give the writing proceeds to the club. They are Pickering's Store, Morgan's Drug Store, Kuhn's Hardware in Lisbon and Evan's Store in Elkton.

The fee proceeds from the sale of hunting and fishing licenses sold by these stores is used by the club for the purpose of game conservation and game replenishment in the county.

Now Third in Home Runs Splendid Splinter Passes Ott

CLEVELAND (AP) — Ted Williams has won his race with age to claim a baseball bonus — home runs No. 512 and 513 for third place in the major league rankings.

Just a few days away from his 42nd birthday, the Boston Red Sox slugger passed the late Mel Ott's 511 total Wednesday night with a two homer salute to an almost incredible story of stamina and conditioning.

Are baseball's keenest eyes now focused on runnerup Jimmy Foxx's 534 in the home run derby? Williams says no. He has not wavered from his statement, made after hitting his 500th here earlier this season, that 1960 marks the end of his playing days.

Ted cannot get the 22 homers needed to tie Foxx by the end of the current campaign. Number nine has indicated to intimate friends he goes through agony to get in shape and stay there.

Two services hitches plus injuries have prevented Williams from having a chance at the lifetime mark of 714 homers hung up by Babe Ruth. No one is more aware of the fact than Williams who—because of his off-interrupted career—never set a home run goal for himself beyond the 500th.

TOLEDO, Ohio (AP) — Len Pietras, of Toledo, a former pro and an ex-champion, led by two strokes today as the 27th Ohio Public Links Golf Championship breezed into the 36-hole marathon finish.

Pietras, the 1956 winner of the pay-as-you-go title, added a 69 Wednesday to his opening 71 for a 140 total over Chippewa Country Club's 6,391-yard par 72 course.

The four-under-par performance gave the 26-year-old former national caddy champion a two-stroke lead over 41-year-old Robert Kay, of Toledo, who also had a 69 Wednesday for a 142.

Today's dash to the wire looked like a tight race, with seven players bracketed within five strokes of the lead. Vic Banish, of Warren, a 40-year-old precision grinder who shared the first-round lead at 69, was third with 143.

Lindy McDaniel Sparkles in Relief Stint

By The Associated Press
The St. Louis Cardinals are yapping at the heels of the high-flying Pittsburgh Pirates in the National League, and a tall, raw-boned relief pitcher has a lot to do with it.

His name is Lindy McDaniel, and he's rapidly becoming the Joe Page of the circuit. Joe Page was a New York Yankee reliever who made the bull pen practically a parlor a dozen years ago, bringing the erstwhile unsung denizens into the public eye.

McDaniel who came up from Hollis, Okla., wasn't an immediate success, and two years ago he was optioned to Omaha in the American Assn. for a spell.

Wednesday he won his 10th game in 13 decisions, pitching the 8th and 9th innings in the Cards' 6-5 victory over the Phillies in 10 innings. He was lifted for a pinch-hitter in the 10th when the Cards scored the winning run.

In other National League games, Los Angeles defeated Milwaukee, 3-2.

Pittsburgh beat Chicago 3-1, and Cincinnati downed San Francisco 5-3.

Losing pitcher Dick Farrell walked in the winning run as the Cardinals won their 12th game of their last 14. Bill White's three-run home run in the four-run fourth inning was the big blow.

The Pirates, with Vernon Law pitching a neat four-hitter for his 16th decision, defeated the Cubs, 3-1. It was the seventh straight for Pittsburgh.

Los Angeles moved into a tie for third place with the Braves by its victory over Milwaukee. Ed Mathews hit his 25th home run in the fourth inning and Frank Howard hit one with a man aboard for the Dodgers in the fifth.

Stan Williams got the victory, his 12th, and Lew Burdette was the loser.

Cincinnati again added to the woes of the Giants, stretching San Francisco's losing streak to six games, longest of the season. Marshall Bridges was the winner and Sam Jones the loser.

Colts Are Rated 3 TD Favorites Over Stars

By JERRY LISKA
CHICAGO (AP) — Today was the quiet before the football storm in Soldier Field where the College All-Stars meet the heavily favored Baltimore Colts Friday night.

The champion Colts of the National Football League are rated three touchdown favorites over some of the nation's top college seniors in 1959.

All-Star Coach Otto Graham, trying for his second victory in three years at the collegiate helm, pronounced his squad in good shape. However, lost earlier because of injuries were such standouts as halfbacks Jim Mooty of Arkansas and Don Perkins of New Mexico and guard Roger Davis of Syracuse.

If the All-Star defensive platoon can somehow slow down the John Unitas-keyed Colt attack, the collegians conceivably could spring an upset such as they did against the Detroit Lions in Graham's All-Star debut in 1958.

The All-Stars have a trio of fine passing quarterbacks in Don Meredith of Southern Methodist, George Izo of Notre Dame and

Pete Hall of Marquette. They also have a flock of capable receivers, such as ends Don Ellerick and Gail Cogdill of Washington State, Monty Stickles of Notre Dame and Hugh McGinnis of Mississippi Southern.

They also have backfield speed which may be utilized in the type of quick passing game that might catch the big pros flatfooted. Dick Bass of College of Pacific, Walter Beach of Central Michigan, Prentice Gault of Oklahoma, Ed Kovac of Cincinnati and Frank Mestnik of Marquette are all lads who can ramble with the ball.

The All-Star game, sponsored by Chicago Tribune Charities, Inc., will be televised and broadcast nationally by ABC.

The pros lead in the All-Star series with 16 victories, against 8 collegiate triumphs and 2 ties.

Pitching Coach Harry Brecheen of the Baltimore Orioles started in 1935 with Galveston in the Texas League. He lost his first three decisions.

Herb Score Is Loser

Yankees Blank Chisox; Nats Take Over 2nd

By The Associated Press
Everything was normal with Bobby Shantz at the start of the 1960 major league baseball season. He had a sore arm.

It seems the little man has been starting seasons with a sore arm ever since 1953, the year after he was voted the American League's most valuable player award by winning 24 games for the then Philadelphia Athletics. In 1952 he was different. He finished with a sore arm—a broken arm, in fact.

Unfortunately for rival teams, wee Bobby has the faculty of returning to good health at the most inopportune times for them. This year is no exception.

He gave one of his better exhibitions Wednesday. He came in with two out in the seventh and the bases filled with White Sox. He fanned Joe Ginsberg for the third out, avoided trouble in the eighth, and struck out the side in the ninth as the Yankees took a 3-0 lead over the White Sox.

Coach Bobby Bragan of the Los Angeles Dodgers began as an infielder with Panama City, Fla., in 1937.

Perkins Scores K.O. Over Lopes

CHICAGO (AP)—Eddie Perkins, 23-year-old Chicago product, hopes he is a step closer to a shot at Joe Brown's lightweight title.

Perkins scored an impressive seventh-round technical knockout over Joey Lopes of Sacramento, Calif., Wednesday night to fortify his National Boxing Assn. ranking as the No. 4 contender.

Perkins caught his opponent with a right at the start of the seventh in the nationally televised bout from Chicago Stadium. Lopes was slammed against the ropes by combination blasts and was unable to escape the flailing.

Referee Joey White stopped it at 40. Lopes suffered a cut left eye brow in the fourth round. The wound bled freely from then on. It was Perkins' 20th victory against 6 losses and his 7th kayo. Lopes now is 24-21-5.

Perkins weighed 137½ pounds to 135½ for Lopes.

Michigan State Also Looks Tough

Illinois Is Early Choice in Big 10

By HARRY GRAYSON
Newspaper Enterprise
Sports Editor
CHICAGO — (NEA) — Never was there a gathering of the football clans like the one for the College All-Star Game on the Chicago lakefront. It gets bigger and there is more to talk about every mid-August.

And what is more natural in the setting than an early preview of the Western Conference race? Frank Buck couldn't bring the Big Ten back to life in one year after the deep blue hue Washington hung around it in the Pasadena Rose Bowl last New Year's Day. But one misadventure doesn't necessarily mean you're out for this rock-ribbed old league either.

What Wisconsin couldn't do to the Huskies in last year's Rose Run very well could have been accomplished by Illinois, which everybody admits now but nobody would admit then, was the Big Ten's top team.

The Illini aren't a whit worse either with the advent of Pete Elliott. Fresh from California, personable Pete inherits an armada of talent and none of the hypocrasies that hamstringed the Golden Bears in the degenerated and defunct Pacific Coast Conference.

MICHIGAN STATE SEEMS to be the outfit most likely to give Illinois the strongest argument. Duffy Daugherty lost the extraordinary Blanche Martin and Dean Look, the quarterback around whom he designed last fall's offense. But the irrepressible Duffy still has more accomplished halfbacks than he has good stories and a line second only to that of Illinois in bulk and experience. He may also have the slickest sophomore outfit.

Northwestern, which has been struggling for the limelight, could go all the way with a modicum of

the luck Ara Parseghian has lacked the past two campaigns. The Wildcats have quality stuff, but not enough of it, particularly with the relaxed substitution rules that now give character builders vastly more freedom.

Purdue, which has come closer than any other school to scaling the heights of late, still wants sorely for the standout halfback to remove the shackles which spell an average season.

KAYE KESSLER, eminent pigskin pundit of the Columbus Citizen-Journal, reports that Ohio State is in much the same boat that Purdue finds itself. Woody Hayes doesn't have the halfback threat to take some of the pressure off his grind-it-out power.

Iowa offers a contrast in that the Hawkeyes have backs to make Forst Evashevski's wing-T generate, but now miss the forwards. Still Ohio State and Iowa, which have dominated the works since 1954, are on the upswing.

This can't be said of Wisconsin, which went for broke in 1959 with seniors and lost the entire kaboodle. It might well be that the Badgers will be the first outfit in history of the old circuit to drop from first to last in a year. Michigan, with Pete Elliott's older brother, Bump, in his second year, is coming back faster than most people imagine, but still isn't ready to challenge for the jackpot. Minnesota continues to wage a losing battle for Grade A personnel and isn't expected to crash the first division.

Indiana makes things miserable for everybody annually, but appears locked in its own web of trouble to a point of never seeing daylight. The Hoosiers certainly will finish ahead of somebody, but the power line has been cut and may not be restored for too long a period.

A Big Ten coach is in a frightful fix when denied the right to corral linemen who eat people.

People You Should Know ..

There are people around here who wouldn't be bothered saving stamps, match covers or bone china, but who fill scrapbooks with Gordon Scott's daily ads which appear in the classified section of The Salem News.

Usually humorous in an attempt to drive home a point, the

advertising message is "stretched" somewhat, Gordie admits.

For example, he never did hold that special Cesar Romero Birthday Sale he advertised, nor did he ever intend to. He just thought C.R.'s birthday was as good a reason as any to announce a sale. ("Fire sales are messy. We don't have a warehouse and that means no warehouse clearance. Our store is too narrow for a Store Wide Clearance to have any importance").

AND HE ADMITS he was just talking when he announced he would soon display a rare collection of holes punched as a public service from belts of Salem residents who lose weight. "Being of Scotch parentage, I found it quite impossible to throw away these holes, and so began my collection."

"But," he says sadly with the same tone of voice the boy who yelled "Wolf, wolf!" too often must have had, "the trouble is people think I'm kidding when I'm not! I mean, there really is Doggy Aspirin! Just because I addressed my ad to all dogs who are nervous and who get irritable during

Gordon Scott

a long car trip, and who feel ashamed after nipping little kids, people thing I don't mean business."

We're convinced he means business! It's not hard to see that's exactly why he writes the unorthodox ads. He is convinced that people remember the merchandise he ridicules or tells a joke about longer than they do something about which he tells only the plain facts.

"I doubt that my ads will ever go straight again!"

The above statement comes from the son of a minister, Rev. James A. Scott, (now retired and living in Norwalk) who was pastor of the Methodist Church here when Gordon came out of military service.

GORDON RELATES that he grew up "all over Ohio," living in Lorain, Berea, Alliance, Norwalk and Canton. He finished high school at Canton McKinley in 1939. He is a graduate of Mt. Union College where, in 1940, he coached the freshman basketball team in an undefeated season. Besides basketball, he participated in college tennis, golf and track and was drum major for the Mt. Union band during football season.

His S. Broadway store is the fourth location he has had since he began in Salem in September, 1946.

"For two years we had a 5' by 17' room. Then we progressed to 9' by 25'. We were burned out by the Ohio Grill fire on E. State St. 10 years ago, then moved to the old Baptist Church building for three years."

Gordon, Mrs. Scott and their two youngsters, live at 1716 South-east Blvd.

Columbiana Teacher Plans Retirement

Columbiana — Clayton E. Lehman of the Columbiana-Canfield Rd. has announced his retirement from the educational field after 37 years of teaching, a career which began in the horse and buggy days of 1914.

For the last 17 years he has taught social studies at Greenford High School where the Class of 1960 dedicated its yearbook, "Hill-Lies", to his lifetime of service to education.

Lehman was born in 1895 in Fairfield Township, but has lived all his life, except for the first four months, in Beaver Township. He attended Germantown elementary school and was graduated from Columbiana High School in 1914. He taught one year at Webster Hall rural school, then located east of Pine Lake, and drove back and forth each day in horse and buggy for a total annual salary of \$400.

His teaching career after the war took him to schools in Beaver, Springfield, Poland, Goshen and, finally, Green Townships. Mr. and Mrs. Lehman have two sons, Raymond E. of RD 1, Columbiana, and Dr. Wilbur L., local dentist.

Mrs. Raymond Mackall is chairman of an area group participating in the Mount Union College "Program for the Sixties," a campaign aimed at securing \$1,500,000 in gifts for the college to finance an expanded educational program designed to meet "the predictable trend of America in the 60's."

ANSWERS YOUR PROBLEMS

Dear Ann Landers: The letter from "Worried Aunt," who wrote about her year-old nephew being dressed like a girl, brought back nightmarish memories. I'm now married and the father of four children. No one will ever know the battle I fought to live a normal life.

My mother was divorced when I was an infant. She kept me in girls' dresses and long curls until I went to school. I remember the teacher visiting at our home and pleading with her to cut my hair. Mother gave me dolls to play with and taught me how to sew. When I was 11 Mother died, but I was pretty much messed up by that time. I went to live with an aunt and uncle who were well-

aware of my problem. I must have cost them a small fortune for psychiatric care. For seven years I was in treatment.

I was one of the lucky ones who found the road back to normalcy. But when I think of how close I came to a completely different life I shudder.

There are too few enlightened people who realize that these tragic figures are the victims of a very sick parent, and that the problem of homosexuality is mental, not physical. They need understanding, not ridicule.

Thank you for printing this—if you dare.—SAVED.

Playboy Husband

Dear Ann: My husband thinks an awful lot of your judgment but he doesn't think much of mine. I work from 8 to 5. His hours are irregular. He often comes home from work at 3 or 4 in the after-

noon. can't slick the house up before I leave in the morning. I do try to tidy it up some-what.

My husband has fallen into the habit of bringing home a couple of men and a woman or two from the plant every afternoon. I find them there when I come home. They sit around and drink and talk and sometimes help themselves to food.

I've told him I don't mind the men so much but I hate to have strange women in my home when I'm not there.

He says the house is half his and he should be free to invite in anyone he wants. Am I eccentric as

he says, or is he inconsiderate?—MOST CONCERNED.

Dear Most: When your husband says the house is half his he is right. This means, of course that it's half yours as well and you should not be vetoed.

Your objections are perfectly valid. If your husband continues to ignore them, tell him you're going to work half days from now on so you can be at home in the afternoon to receive his guests.

Sympathy for Mother

Dear Ann: I'm an old fogey who is all hot and bothered by the letter signed "In the Middle."

This unhappy mother wrote to ask what to do about her husband who insisted on giving their 15-year-old son \$10 a week allowance to spend on hot dogs, soft drinks and foolishness. All of this nonsense is going on when the family is having a tough time paying bills!

This mother deserves a lot of sympathy and many prayers because I'm afraid the young whippersnapper soon will decide the drinks are too soft and \$10 a week isn't enough.

Just because this dad had it rough when he was a boy is no excuse to make a hoodlum out of his son. Too bad the kids today will never know the fun of saving for weeks to get 15 cents together to spend at a county fair.—OLD FOGEY.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Salem News, enclosing a stamped, self-addressed envelope.

Watermelon Ice

Chill cubes of watermelon until icy cold. Prepare "watermelon ice" as follows: Combine 1 quart watermelon juice (easily extracted from ripe melons) with 1/4 teaspoon salt, cup sugar and the juice of one lemon.

Pour this mixture into refrigerator trays and place in freezer until a soft, icy firmness forms. To serve place four or five of the chilled melon cubes in a clear sherbet glass and add peaks of the watermelon ice.

Garnish with a sprig of fresh mint or a twist of lemon.

This and That

By HAL BOYLE

NEW YORK (AP) — Remarks that a supermarket clerk gets tired of hearing: "Do you have a health food department for dogs? The doctor has put our pooch on a salt-free diet."

"Hey, Jack, I wheeled all the way to the beer cooler and back in 47 seconds and from a standing start. Is that a track record?"

"The boss and his wife were supposed to come for dinner last night but they didn't show. Can you take back this 12-pound rib roast? We don't eat meat that expensive ourselves."

"Why is it your hamburger al-

ways looks red on top but not at the bottom?"

"You seem to stock everything except B-grade movies. When are you going to put them in?"

"I want that woman arrested. Just because I beat her to the last jar of pickled relish, she deliberately ran me down with her shopping cart."

"Hey, Jack, I just saw a bad head-on crash over by the stack of canned peaches. Better call an ambulance."

"Twenty-three dollars and 46 cents? Your machine must be broke. I figured it in my head at \$23.44. You better add 'em up again."

"Yeah, get the buns and baked beans here, Mabel, and we'll get the frankfurters at that new supermarket 10 miles down the road. They're a penny a pound cheaper there."

"We just got back from our honeymoon, and my husband says he wants a nice home-cooked meal. Can you lend me an ice-pick and a can opener?"

Steel Industry Rise Expected By 'Iron Age'

NEW YORK (AP)—The steel industry may be about to pull out of its long slump, Iron Age Magazine said today.

Right now, the metalworking weekly declared, "the best that can be said is that business has passed the low point."

"But a number of new, though relatively minor, developments in the steel business . . . indicate the market may be ready to move."

The magazine noted these signs in the market:

1. A slight pick up in orders which has raised the order rate to around 50 per cent of capacity;
2. The order increase has been largely offset by a dwindling of backlogs;
3. Most new orders are for quick delivery which may lead to a situation where mills cannot meet all rush business;
4. Forward buying is light and mills do not expect advance booking to increase until the limits of rush delivery are reached;
5. Flat-rolled business is relatively good and galvanized is even stronger; but hot-rolled has declined and tinplate is questionable.

October figures to be the biggest month of the second half, Iron Age said. It predicted operations for the month will possibly reach 70 to 73 per cent.

Bread Utilizes Instant Potato

Today, after years of research, easier basic foods to serve in instant potatoes are convincing. A new manufacturing process produces a more flavorful mashed potato in granular form that reduces kitchen preparation from two steps to merely one.

These granules can go into the making of delicate breads. They not only add special flavor to baked products, but also help keep the loaf fresh and moist for days.

Potato Cheese Bread
(Yield: 1 large loaf)
One-third cup milk, 1-3 cup water, 1½ teaspoons salt, 2 table spoons instant mashed potato granules, ¼ cup warm water, 1 package dry granular yeast, 1 tablespoon sugar, ¼ cup soft shortening, 2 eggs, 3 cups sifted flour, 1½ cups (4 ounces) shredded sharp cheddar cheese.

Heat to boiling point milk, water and salt; stir in instant potato granules. Combine warm water, yeast and sugar.

Mix together potatoes, shortening and eggs; heat thoroughly. Add 1 cup flour; beat until smooth. Stir in yeast. Add cheese and enough flour to make a stiff dough. Turn out on a floured board; knead 10 minutes. Place in a greased bowl.

Allow to rise in warm place until dough doubles in bulk. Turn out on floured board. Divide dough into 3 equal portions. Roll each portion into a thick strand about 18 inches long. Braid the three strands together loosely on greased baking sheet, sealing ends.

Brush top with melted butter. Let rise in warm place until almost doubled, about 45 to 60 minutes. Bake in a moderate oven (375 degrees F.) 45 minutes or until done.

Indian Lamb Dish Is Spicy

Do you like hot spicy food with a variety of texture and flavor plus a touch of the exotic? Then here's your dish—a spicy lamb recipe from India. Serve with saffron rice, crystallized ginger, peanuts and mango chutney.

Spicy dishes, curry or otherwise, call for piping hot tea. The important point to remember is that tea must be properly brewed to allow the tea leaves to unfold and release their bouquet, aroma and flavor.

Use boiling water, allow 1 tea bag or 1 teaspoonful of tea for each cup serving and brew for 3 to 5 minutes.

Spicy Lamb—Far Eastern Style
(Makes 6 to 8 servings)
One-quarter teaspoon turmeric, ½ teaspoon chili powder, ½ teaspoon saffron powder, 1 teaspoon ginger, 2 cloves garlic, minced; 2 teaspoon salt, 1 cup vinegar, 3 pounds boneless lamb, cut into 1-inch cubes, ¼ cup salad oil, ½ cup water.

Make a marinade by combining spices and vinegar. Add meat and allow it to marinate 2 to 3 hours. Drain. Heat oil in a saucepan.

Add meat. Brown on all sides. Add water. Cover.

Cook over low heat about 30 minutes or until meat is tender. Serve with saffron rice.

Pork and Vegetable Soup
(Yield: 6 servings)

One-half pound lean pork cut in ½ strips, ½ by 2 inches, 12 mushrooms, sliced; 1½ cups fresh spinach, torn or cut into small pieces, 2-inch piece carrot, cut into ¼ in. slices 1 inch wide, 3 table spoons canned bamboo shoots, cubed; 2 teaspoons soy sauce, 1 teaspoon powdered ginger, 2 cans bouillon.

Simmer pork in 1 cup water 10 minutes. Add mushrooms, spinach, carrots, bamboo shoots, soy sauce, ginger and bouillon. Simmer until vegetables are tender and flavors are blended.

Celery Peas

Ingredients: 1 cup thin crescents green celery, ½ cup boiling water, 1 package (10 ounces) frozen green peas, ½ teaspoon salt, 2 table spoons butter.

Method: In a medium-sized saucepan simmer the celery, covered, in the boiling water for 3 minutes; add frozen peas and salt. If peas are in a block break up with a fork as they thaw and mix with celery. Cover and cook gently just until peas are tender — no more than 5 minutes.

Drain off any liquid; add butter and fold into vegetables until melted. Serve at once. Makes 4 servings.

Georgia Cake

Ingredients: 2 cups flour, ¼ tea spoon salt, 1 cup butter, 1 2-3 cups finely granulated sugar, 1 teaspoon mace, 5 eggs.

Method: Sift together flour and salt. Cream butter, sugar, vanilla and mace. With electric mixer beat in thoroughly 4 of the eggs, one at a time.

Add the flour; stir until smooth. Add remaining egg; beat until smooth. Turn into buttered angel-food cake pan (9 by 3 inches); bake in slow (325 degrees) oven 1 hour or until cake tester inserted in center comes out clean; do not preheat oven.

Allow pan to stand on wire rack 10 minutes; turn out; turn right side up; cool. Store in tightly covered container.

CASTLE FURNITURE - 145 SOUTH LUNDY

Deviled Eggs Garnish Lobster

Easy does it. That's the answer to a summer entertaining for a busy food publicist with a husband and two little sons.

Rock Lobster Platters with deviled eggs is Ruth Lundgren's favorite summertime buffet dish.

"I prepare sometimes as many as four of these platters. It's just as easy to cook up two dozen egg and two dozen rock lobster tails as it is to cook two," Miss Lundgren explained.

"While the family is eating

breakfast, hours before any guests will arrive, I do the cooking," she added.

In her recipe the hot cheese sauce is served with, rather than cooked with, the seafood. This way the calorie counters are satisfied, and so are those people who think there's nothing better than plain boiled rock lobster.

Rock Lobster-Deviled Egg Platter (Yield: 6 servings)

Six frozen rock lobster tails (1½ pound family pack), 2 tablespoons butter, 1 tablespoon flour, ¼ teaspoon salt, 1½ cups milk, 2 tablespoons grated sharp cheddar cheese, 6 deviled eggs.

Drop frozen rock lobster tails into boiling salted water. When water boils, simmer for 8 minutes. Drain immediately and dredge with cold water.

With scissors cut thin underside membrane along each edge close to shell and remove membrane. Gently remove meat from shells in one piece. Chill whole tails.

Heat butter over low heat. Blend in flour and salt. Remove from heat and gradually stir in milk, blending until smooth. Return to heat and cook slowly, stirring constantly, until thick. Blend in cheese and cook until smooth.

Arrange whole rock lobster tails alternately with deviled eggs around bowl of hot cheese sauce.

Pears Enhance Sauerbraten

Sauerbraten with fresh pears used in the cooking is a delicious combination we discovered in the large Bartlett pear orchards of California.

It reminded us of the delicate cooking in the Rhineland of Germany, where fruits and vegetables are so imaginatively combined with meat.

Sauerbraten with Fresh Pears

Four pounds rump or round of beef, 2½ cups dry red wine (or 2 cups water and ½ cup grape juice), 1½ cups tarragon vinegar, 1 teaspoon salt, 1 teaspoon black peppercorns, ½ teaspoon thyme, 3 bay leaves, 2 large onions, 1 carrot, 6 springs celery tops, 6 gingersnaps, 4 fresh Bartlett pears, 1 cup sour cream.

Put your meat in a large crock or enamel kettle. Pour over it the wine (or water and grape juice), vinegar, seasonings, herbs and

spices. Chop the onions, carrot and celery tops very fine and add them to the pot.

Cover with double cheesecloth before the heavy lid is put on and marinate in the refrigerator for four days, turning twice a day. Brown meat in bacon fat or a little oil on all sides in heavy kettle or Dutch oven.

Crumble gingersnaps into kettle and strain marinade over them. Cover and simmer over low heat for about three hours until meat is tender. (Add more wine or water and grape juice if liquid evaporates.)

Remove beef to warm oven. Add sliced pears to the liquid in the pan and cook 10 to 15 minutes or until pears are tender. Stir in sour cream and heat another 5 minutes. Taste for seasoning. Thicken with flour if necessary.

Crisp Cucumbers Aid Summer Menus

"As cool as a cucumber" makes crisp coolness to hot weather good family menu sense. Cucumbers do give a feeling of fresh, meals. They are inexpensive now, in abundant supply and can be used not only raw, in salads, on the relish tray and in sandwiches, but also cooked and served as a green vegetable.

Pare them (not necessary if very young), cut in fairly large pieces. Place in saucepan with just enough water to keep from burning. You can use bouillon or chicken stock in place of water for extra flavor. Cover saucepan. Simmer until tender (from 5 to 10 minutes).

Season with butter or margarine, salt and pepper. Or serve with cream sauce seasoned with a little freshly ground black pepper and nutmeg, or with crumbled crisp bacon.

Cucumbers in Sour Cream with Fresh Dill (Yield: 6 servings)

Two cucumbers, 8 inches long; 1 cup thinly sliced onion rings, ¼ cup sour cream, 1 tablespoon cider vinegar, 1 tablespoon water, ½ teaspoon salt, ¼ teaspoon ground white pepper, 2 tablespoons finely chopped fresh dill, 2 hard-cooked eggs, sliced.

Wash cucumbers. Wipe dry and score down the sides. Slice thin and combine with onion rings, sour cream, cider vinegar, water, salt, pepper and chopped dill. Toss lightly.

Turn into a serving bowl. Garnish with sliced hard-cooked eggs. Serve as a relish. This is especially delicious with fish and sea food.

Cool Coffee Combats Heat

A tall, tinkling glass of iced coffee is one of the best answers to sizzling weather. Appropriately enough, iced coffee had its beginnings on a steaming desert.

More than a hundred years ago, the dark, cold beverage was introduced to tiered French colonial troops while they were on a long march through Algeria.

Coffee Ice Cubes

There are several ways to make an excellent glass of iced coffee today. One uses coffee ice cubes; another, extra strength hot coffee. The coffee-ice-cube method is rather ingenious—you simply brew some extra breakfast coffee in the morning, cool it and freeze it into ice cubes in the refrigerator.

Then, when you want to cool off with a glass of iced coffee, brew some fresh, hot coffee and

pour it into a glass filled with coffee ice cubes. It stands to reason that this method will produce a full-flavored drink, one which is all coffee, through and through.

Extra Strength Coffee

If you don't happen to have the coffee ice cubes on hand, you can also make full-bodied iced coffee with hot coffee poured over ordinary ice cubes.

But to avoid a weak, diluted beverage, be sure to make the hot coffee extra strength.

To make 4 servings, use the following ratio of coffee to water in any type of coffee maker: six standard coffee measures (or 12 level measuring tablespoons) of coffee to 3 measuring cups of water. Pour the hot coffee into tall, ice-filled glasses and serve with simple syrup, or sugar, and cream.

Whether you use this method or coffee ice cubes, your iced coffee will be every bit as refreshing as the iced coffee first served on the desert a century ago.

Pork 'n' Cabbage

Ingredients: 1 tablespoon oil, 1 cup diced leftover roast pork (trimmed of fat), 4 cups knife-shredded green cabbage (½-inch strands and firmly packed), 1 green pepper (cut in thin strips), 1½ teaspoons sugar, 2 tablespoons tablespoons dry sherry, 1 green pepper (cut in thin strips).

Method: Heat oil in a large skillet (about 10 inches); add pork and brown lightly for a few minutes, stirring often.

Add cabbage; sprinkle with sugar, soy sauce and sherry; mix well. Sprinkle green pepper over top.

Cover and simmer until cabbage is softened but still crisp—about 10 minutes; stir once halfway through cooking. Makes 2 large servings.

NEW FROM

Here it is, the new Quilted Beautyrest with the smoothest sleeping surface ever. Not a button or a tuft. And it's Beautyrest through and through, giving you buoyant firmness that's kind to your back. Under the gay, smooth quilted top is the famous independent coil construction... separate independent springs that push up under you for perfect body-fitting comfort. Beautyrest can never, never sag. That's why Beautyrest with separate springs gives you single-bed comfort in a double bed, why the heaviest husband can't disturb his wife's rest. There's no rolling together.

Because the new Quilted Beautyrest is pure Beautyrest, it actually costs less to own. In every durability test made by the United States Testing Company, Beautyrest lasted 3 times longer than ordinary connected coil mattresses. So you save in the long run. Come in today, see and try this new member of the Beautyrest family. Full or twin size only \$79.50 (matching boxspring also \$79.50). Like the tufted Beautyrest, this new quilted mattress is available in Supersize models for extra length and width, and in a choice of firmness too. Beautyrest is made only by Simmons.

"...you mean in the 'dog days' we can
cool the whole house with GAS?"

Casper Doggone right! And not only that, but we have half of a GAS Air-Conditioning
System in our house right now. We have a Forced Air GAS Heating System, so
we have the ductwork. Right? Right. All we need is one of those new Bryant
Add-On Central Air Conditioners for our GAS Warm Air Furnace.

George: Pretty doggy! But what if we decide to build that new house we were talking about?

Casper: If we do, we can put in Arkla-Servel's Central Gas system that both heats and cools.
And hear this. No matter which kind of GAS Air Conditioning we want, The Gas
Company will help finance it. The low monthly installments can be paid with our
Gas bill.

George: How do you know all that?

Casper: I've been boning up on the subject.

Your Gas Company sells, supervises installations, guarantees satisfaction and finances
GAS Air-Conditioning Systems.

See how little GAS Air Conditioning costs to own and operate. Ask for free booklet of
photos and testimonials based on GAS Air Conditioning users' actual year around bills.

Pretty Frozen Dessert Is Summer Favorite

Pot de creme, that delicate and delicious frozen dessert, usually served in individual cups, can be transformed into a favorite summer party specialty when made into a large layered frozen torte, to be sliced and served just like cake.

A short-cut for making the basic creamy mixture that is essentially a pot de creme can be achieved by using different flavors of prepared pudding and pie filling mix, to which egg yolks and whipped cream are added for extra richness.

Pot de Creme Frozen Torte

1 package butterscotch pudding and pie filling mix, 1 cup sugar, 1 tablespoon instant coffee, 4½ cups milk, 6 egg yolks, 1 package chocolate pudding and pie filling mix, 1 square unsweetened chocolate, 1 package vanilla pudding and pie filling mix, 1½ cups whipping cream, Walnuts, coarsely chopped.

Combine butterscotch pudding mix, 1-3 cup sugar, the instant coffee, and 1½ cups milk in a medium heat until mixture begins to thicken.

Beat 2 egg yolks slightly. Add a little of the hot pudding and quickly stir to blend. Add to pudding in saucepan and cook until mixture comes to a full boil. Chill.

Then combine chocolate pudding mix, unsweetened chocolate, 1-3 cup sugar, and 1½ cups milk in saucepan. Cook and stir over medium heat until mixture begins to thicken. Beat 2 egg yolks slightly. Add a little of the hot pudding and quickly stir to blend. Add to pudding in saucepan and cook until mixture comes to a full boil. Chill.

Combine vanilla pudding with remaining 1-3 cup sugar and 1½ cups milk. Cook and stir over medium heat until mixture begins to thicken. Beat remaining 2 egg yolks slightly.

Add a little of the hot pudding and quickly stir to blend. Add to pudding in saucepan and cook until mixture comes to a full boil. Chill.

Whip cream. Fold 1 cup of the whipped cream into each of the chilled puddings. Spoon chocolate pudding into a 9-inch spring-form pan. Add butterscotch pudding; then vanilla pudding.

Freeze 5 hours or overnight. Prepare chocolate leaves. Remove sides of spring-form pan. Press walnuts onto sides of mold. Place chocolate leaves on top, as garnish. Makes 10 to 12 servings.
